

Risk assessment template

The OPEN Media Hub believes it is important that you do not put yourself and others at risk while covering the story and ask you to identify all potential risk you may face during the production.

Please assess the risks by answering the following questions with a degree of certainty from 1 (most certain, your answer is positive and you assess the risk to be minimal, less than 20%) to 5 (uncertain or negative, you assess the risk to be above 80%).

- Are you or your staff available to carry out the production?
